ABOUT THE COMPANY

We are not a manufacturer. We are something more valuable.

Aad Labs is an India-based export trading house connecting international buyers to a vetted network of certified Indian manufacturers. Rather than operating a single facility, we curate qualified relationships across multiple **WHO-GMP and ISO-certified** producers — selecting the optimal batch and source for every individual order.

This network model is our advantage. It gives buyers batch-level quality selection, resilient supply continuity, and a single accountable partner who handles the full weight of export documentation, logistics, and compliance.

BATCH SELECTION
Optimal source chosen per order across the network.

SUPPLY CONTINUITY
Multiple qualified producers protect against disruption.

FULL DOCUMENTATION
End-to-end export paperwork handled in-house.

SMALL-MOQ FRIENDLY
25 kg trial orders, aggregated across partners.

CERTIFICATIONS & ACCREDITATIONS

A foundation of verified quality.

The certifications below are held across our verified manufacturing partner network. Every order is fulfilled through facilities carrying the accreditations relevant to that product and destination market.

GMP WHO-GMP	ISO ISO 22000:2018	FDCA FDCA (Gujarat)
IAF IAF Accredited	FSSAI FSSAI Certified	PHARM Pharmexcil Member
MII Make in India	FDA FDA Registered	SHEF SHEFEXIL Member
★ Star Export House	USDA USDA Organic	ORG India Organic
حلال Halal Certified	CU Control Union	כשר Kosher Certified
ONE OneCert Organic	HACCP HACCP Compliant	CHEM CHEMEXCIL Member

SECTION ONE

01

Botanical Extracts

Standardized, HPLC-verified plant extracts for nutraceutical, pharmaceutical, and functional-food formulation.

Ashwagandha

Bacopa / Brahmi

Ginger

Turmeric / Curcumin

Ashwagandha Extract

Withania somnifera

ACTIVE COMPOUND	Withanolides
STANDARDIZATION	0.25% – 15%
PART USED	Roots
TEST METHOD	HPLC & UV Spectrophotometry
PACKAGING	As per order requirement

APPLICATIONS

A cornerstone adaptogen for the nutraceutical and pharmaceutical sectors. Ashwagandha extract is widely formulated into stress-support, sleep, and vitality supplements, as well as functional foods and beverages. High-withanolide grades suit clinical-dose capsules and standardized branded actives.

Bacopa Extract / Brahmi

Bacopa monnieri

ACTIVE COMPOUND	Bacosides
STANDARDIZATION	10% – 50%
PART USED	Herb (aerial parts)
TEST METHOD	HPLC & UV Spectrophotometry
PACKAGING	As per order requirement

APPLICATIONS

A premier nootropic botanical prized for cognitive and memory-support formulations. Bacopa extract is used across nutraceutical capsules, brain-health blends, and functional beverages. Higher bacoside grades serve clinically-standardized branded ingredients and pharmaceutical research applications.

Ginger Extract

Zingiber officinale

ACTIVE COMPOUND	Gingerols
STANDARDIZATION	0.1% – 5%
PART USED	Rhizome
TEST METHOD	HPLC & UV Spectrophotometry
PACKAGING	As per order requirement

APPLICATIONS

A versatile digestive and anti-inflammatory active for nutraceutical, pharmaceutical, and functional-food use. Ginger extract is formulated into gut-health and immunity supplements, wellness shots, and standardized gingerol actives for branded blends and clinical applications.

Turmeric / Curcumin Extract

Curcuma longa

ACTIVE COMPOUND	Curcuminoids
STANDARDIZATION	5% – 95%
PART USED	Rhizomes
TEST METHOD	HPLC & UV Spectrophotometry
PACKAGING	As per order requirement

APPLICATIONS

One of the most-researched botanical actives worldwide. Curcumin extract spans joint-health, immunity, and anti-inflammatory nutraceuticals, pharmaceutical formulations, and functional foods. High-curcuminoid grades (up to 95%) serve premium standardized and bioavailability-enhanced branded ingredients.

SECTION TWO

02

Spices

Whole and ground spices, machine-cleaned and sorted to grade, with controlled specifications for colour, heat, and mesh.

Black Pepper · Turmeric Powder · Cumin · Cloves · Red Chilli Powder · Dried Red Chilli · Coriander

Whole & Ground Range

Black Pepper

Piper nigrum

The "king of spices," sorted for density and piperine strength across bold and premium grades.

FORMS · Whole & ground · various mesh sizes / grades

Turmeric Powder

Curcuma longa

Bright, evenly-milled culinary turmeric available in defined curcumin-content grades.

GRADES · 2% and 5% curcumin content

Cumin Seeds

Cuminum cyminum

Machine-cleaned and sorted cumin with low admixture and consistent aroma profile.

FORMS · Whole & ground (unground)

Cloves

Syzygium aromaticum

Hand-picked, high-oil cloves with strong, uniform heads for culinary and extraction use.

FORMS · Whole & ground

Chilli & Coriander

Red Chilli Powder

Capsicum annuum

Milled to controlled heat units (SHU) with consistent colour value for reliable formulation.

HEAT · Mild / medium / hot

Dried Red Chilli

Capsicum annuum

Whole dried chillies across leading Indian varietals, sorted for colour and stem content.

VARIETIES · Byadgi / Guntur Sannam / Teja

Coriander

Coriandrum sativum

Aromatic coriander with bright, even colour — supplied as clean whole seed or fine powder.

FORMS · Whole seed & ground powder

SOURCING & GRADING

Every spice is machine-cleaned, sorted, and graded to buyer specification — with steam-sterilization and custom mesh available on request.

RICE

All Varieties of Rice

From premium long-grain Basmati to everyday non-basmati staples — milled at FSSAI-registered facilities with full lot traceability.

BASMATI

1121 · Pusa · Traditional · Sugandha

NON-BASMATI

IR64 · PR11 · Sona Masoori · Ponni · Parmal

SPECIALTY & PROCESSED

Brown Rice · Parboiled Rice

CERTIFIED

Organic-certified options

TRACEABILITY Sourced from FSSAI-registered mills with full lot-level traceability — from paddy origin through milling, grading, and packing.

Nutrient-Dense Selection

Flax Seeds

Linum usitatissimum

Nutrient-dense flax rich in omega-3 fatty acids and lignans — cleaned, graded, and packed for nutritional-supplement and food applications.

APPLICATIONS · Supplements · functional foods · milling

Green Raisins

Vitis vinifera

Premium naturally-dried green raisins — sweet, plump, and evenly sized for snacking, baking, and food processing.

USES · Snacking · baking · food processing

Sesame Seeds

Sesamum indicum

Hulled and natural sesame — sortex-cleaned, low-FFA, and rich in natural oil content for food, bakery, and oil-milling applications.

TYPES · Hulled / natural / black

Psyllium Husk (Isabgol)

Plantago ovata

High-purity psyllium husk and powder — prized for soluble-fibre content and gel-forming capacity in nutraceutical and pharmaceutical use.

PURITY · 95% – 99% husk grades

SOURCING & HANDLING — Sourced from FSSAI-compliant suppliers, cleaned and graded under hygienic conditions, and packed in moisture-proof packaging with full export documentation.

SECTION THREE

03

Coffee

Single-origin Arabica and Robusta green beans from the estates of South India, cupped and graded to SCA standards.

Arabica — Chikmagalur · Coorg · Baba Budangiri | Robusta — Wayanad · Chikmagalur · Coorg

Arabica Coffee Beans

Coffea arabica · Karnataka

CUPPING NOTES · *Floral, milk chocolate, citrus zest, jasmine.*

ORIGIN	Chikmagalur, Coorg & Baba Budangiri
GRADE	AAA · Screen 17 / 18
PROCESS	Washed / Natural / Honey
MOISTURE	≤ 11%
DEFECT COUNT	≤ 8 / 300g (Grade 1)
CAFFEINE	1.0 – 1.5%
CUPPING SCORE	82 – 86 SCA

PACKAGING

60kg jute + GrainPro liners · 30kg vacuum · 25kg PP-lined

ESTATE CERTIFICATIONS

Rainforest Alliance · UTZ · Fair Trade · Organic

Robusta Coffee Beans

Coffea canephora · Karnataka & Kerala

CUPPING NOTES · *Dark chocolate, roasted nuts, earthy tobacco.*

ORIGIN	Wayanad, Chikmagalur & Coorg
GRADE	AAA · Screen 18
PROCESS	Cherry / Parchment / Kaapi Royale
MOISTURE	≤ 11%
DEFECT COUNT	≤ 15 / 300g
CAFFEINE	2.2 – 2.7%
BEST FOR	Espresso blends & crema

PACKAGING

60kg jute + GrainPro liners · 30kg vacuum · 25kg PP-lined

ESTATE CERTIFICATIONS

Rainforest Alliance · UTZ · Fair Trade · Organic

SECTION FOUR

04

Essential Oils

Steam-distilled and cold-pressed oils from authenticated Indian botanicals — supplied with GC/MS profiles and full export documentation.

Peppermint · Spearmint · Cornmint · Lemongrass · Palmarosa · Black Pepper · Juniper Berry · Spikenard · Jasmine Sambac

Steam-Distilled & Absolutes

Peppermint Oil

Mentha piperita

METHOD · Steam-distilled

USE · Flavour · wellness · oral care

Spearmint Oil

Mentha spicata

METHOD · Steam-distilled

USE · Flavour · confectionery · oral care

Cornmint Oil

Mentha arvensis

METHOD · Steam-distilled

USE · Menthol source · pharma · balms

Lemongrass Oil

Cymbopogon flexuosus

METHOD · Steam-distilled

USE · Aroma · personal care · cleaning

Palmarosa Oil

Cymbopogon martinii

METHOD · Steam-distilled

USE · Perfumery · skincare · soaps

Black Pepper Oil

Piper nigrum

METHOD · Steam-distilled

USE · Flavour · fragrance · wellness

Juniper Berry Oil

Juniperus communis

METHOD · Steam-distilled

USE · Perfumery · wellness · spirits

Spikenard Oil

Nardostachys jatamansi

METHOD · Steam-distilled

USE · Fine perfumery · Ayurveda

Jasmine Sambac Absolute

Jasminum sambac

METHOD · Solvent-extracted absolute

USE · Fine fragrance · attars

GC/MS PROFILE | 100% PURE & NATURAL | BATCH COA | MSDS & ALLERGEN STATEMENT | FSSAI EXPORT COMPLIANT

SECTION FIVE

05

Eco Packaging

Compostable, food-grade paper packaging for the global hospitality trade — engineered for performance, designed for the planet.

Ripple Wall · Double Wall · Embossed · Single Wall · Specialty & Pint · Lids, Straws & Accessories

Six Precision-Engineered Categories

Ripple Wall Cups

Corrugated exterior for superior insulation and a premium tactile hand-feel.

SIZES · 8 · 12 · 16 · 20 oz

USE · Premium cafés · hotel dining

Double Wall Cups

Dual-layer build removes the need for sleeves — a flawless canvas for branding.

SIZES · 7 · 8 · 12 · 16 · 20 oz

USE · High-volume cafés · QSR

Embossed Collection

Deep-relief embossing plus deep-bottom vending formats for automated systems.

SIZES · 8 · 12 · 16 · 20 oz

USE · Luxury minibars · vending

Single Wall Solutions

Lightweight compostable performance; two-side-coated cold cups resist condensation.

SIZES · Hot 8–20 · Cold 12–20 oz

USE · Events · juice bars

Specialty & Pint Cups

Party cups and M22-stamped regulated pint cups for licensed venues.

SIZES · 16 oz · Half / Full Pint

USE · Stadiums · pubs · festivals

Lids, Straws & Accessories

Fibre and biopolymer lids plus 4-ply custom-printed compostable paper straws.

SIZES · 90 mm lids · 4-ply straws

USE · Complete takeaway systems

CERTIFIED COMPOSTABLE | FOOD-SAFE GRADE | CUSTOM BRANDING READY | EN 13432 · ASTM D6400 · AS 5810 | FSC CHAIN-OF-CUSTODY

QUALITY & TESTING

DOCUMENTATION PROVIDED WITH EVERY SHIPMENT

- ✓ Certificate of Analysis — batch-specific, ISO 17025
- ✓ Manufacturer GMP Certificate
- ✓ Material Safety Data Sheet (MSDS)
- ✓ Certificate of Origin
- ✓ Commercial Invoice & Packing List
- ✓ Non-GMO Statement
- ✓ Allergen-Free Statement
- ✓ BSE / TSE-Free Declaration
- ✓ Halal / Kosher — where applicable
- ✓ Organic Certification — where applicable

COMMERCIAL TERMS

Terms of trade.

INCOTERMS OFFERED

FOB

FREE ON BOARD

Buyer arranges freight from the named Indian port of loading.

CIF

COST, INSURANCE & FREIGHT

We cover freight and insurance to the destination port.

MINIMUM ORDER

25 kg trial orders available

Small quantities aggregated across our manufacturer network — so buyers can qualify products before scaling to container volumes.

CUSTOMS & CLEARANCE

2+ years clearing expertise

Established export-documentation and customs experience across international lanes, managed end-to-end in-house.

REGULATORY ALIGNMENT

Familiar with **TGA, USP, BP, and IP** standards to support Australian and international regulatory submissions.
